

ANNUAL REPORT

JAN DEC
2013 - 2013

West Sound
**WILDLIFE
SHELTER**

Photo: Dottie Tison

Dear friends of wildlife,

I am pleased to present the West Sound Wildlife Shelter's 2013 Annual Report covering the fiscal year, January 1, 2013 – December 31, 2013. The financial information, and charts and graphs within its pages represent real life stories of heroism, tenacity, dedication and generosity demonstrated by staff, volunteers, donors, and the wild animals whose lives it is our mission to save and return healthy and fit to the wild.

Since its inception more than fifteen years ago the Shelter has grown dramatically. Today, the West Sound Wildlife Shelter is well on its way to becoming a leader in wildlife rehabilitation in Washington State. We are proud to say that 2013 was the Shelter's most successful year ever in terms of work accomplished. We treated 1,118 patients, responded to nearly 5,000 wildlife-related phone calls, and provided powerful education outreach and programs to more than 5,300 children and adults across Kitsap County.

It takes a community to successfully run the Shelter. A huge part of that community is the Shelter's committed volunteer force. Without them, we simply could not care for the animals that arrive at our door each year. The other vitally important part of our community is our amazingly generous donors, without your support there would no door open in our area to care for injured wildlife. We also are grateful to our community partners the Bloedel Reserve for hosting the 2nd Annual Spooky Night Walk, and the Poulsbo Fish Park for hosting the 1st annual Summer Solstice Walk.

2014 will be an exciting year for the West Sound Wildlife Shelter as we move forward with plans for a new hospital and education center. As the only wildlife shelter, rehabilitation hospital and education center in the Western Puget Sound region, we will soon begin a capital campaign to make sure we can continue to meet the rapidly increasing needs of wildlife and their habitats. The new Shelter will serve the Kitsap County community by ensuring all who live, work, and visit our area enjoy and benefit from a healthy natural environment and the diversity of wild animals that thrive within it.

Of course, we cannot achieve any of this without your help. Please consider the Shelter for your charitable giving, and please join us at our many fundraising events such as the Drive For The Wild, the Shelter's first annual golf tournament on June 14th, 2014, our 2nd Annual Ales For Tails, a Brewer's Dinner and Tasting event, and of course the Call to the Wild Auction, our most important fundraising event and our largest celebration of the year. And be sure to visit our Facebook page often for news of more new events, animal releases, and other exciting information about the Shelter.

Thank you for your volunteer time, your generous direct donations, and importantly, for your help in spreading the positive news about the work we are doing within and for our community.

Best regards,

Lisa Horn

Wildlife Hospital

Our core program at West Sound Wildlife is our wild animal hospital. Demand for our hospital services has risen dramatically since our doors opened in 1999. Below is a snapshot of information about this year's patients as well as a comparison of total animals served over the previous four years. The time spans are based on a fiscal year (e.g., January 1, 2013 - December 31, 2013.)

Number of Patients Served

Types of Patients Served

Patients' Medical Problems (2013)

Medical Problem	No. of Patients
Baby orphaned/abducted	200
Soft tissue injury	130
Internal injury	93
Head trauma	111
Fractures	134
Stress	70
Dehydration	31
Feather damage	12
Developmental issues)	26
Hypothermia	24
Eye injury	15
Central nervous problem	25
Spinal - injury / fracture	14
Infection	22
Stunned/dazed	16
Paralysis	14
Wing injury	19
Other	162

Cause for Admission (2013)

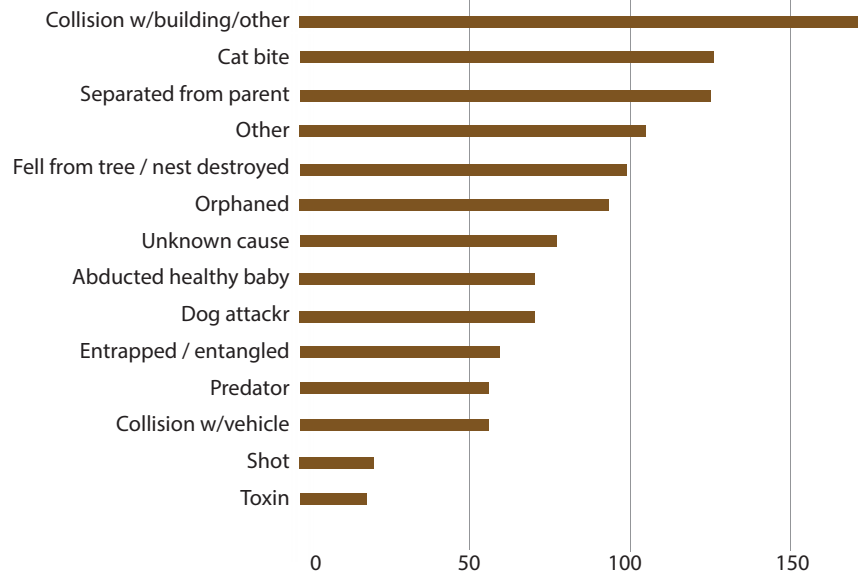

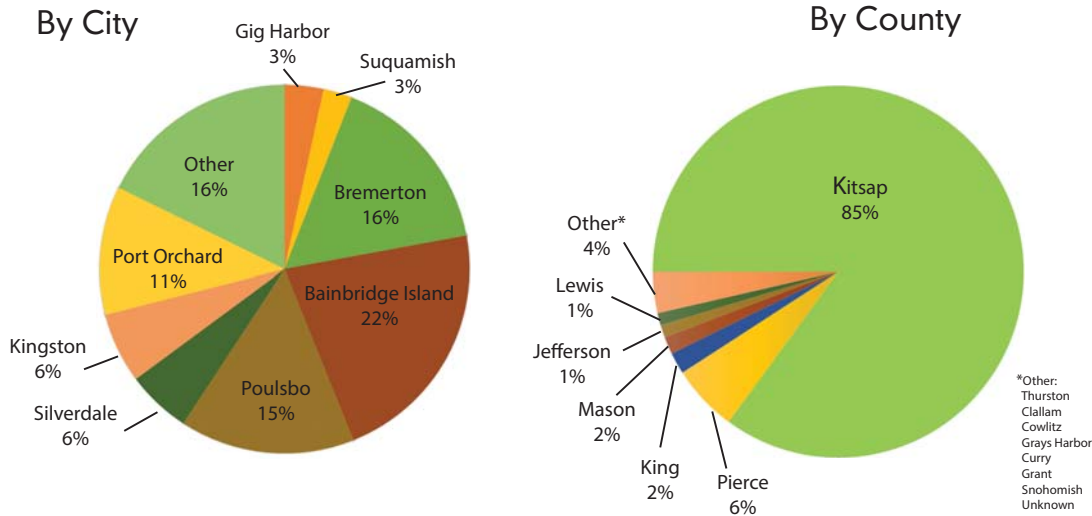

Photo: Dottie Tison

Where Did Our Patients Come From? (2013)

Species Treated (2013)

- | | | | |
|------------------------------|-------------------------|----------------------------|----------------------------|
| BIRDS | Grebe, Horned | Owl, Barred | Tern, Common |
| Auklet, Cassin | Grebe, Western | Owl, Great horned | Thrush, Hermit |

Education Program

Children and adults alike are captivated by the magic of seeing our live animals up close and in person. Over the past year our naturalists have given more than 70 educational programs that reached over 5,400 kids and adults at classrooms, clubs, civic groups, local fairs, and festivals. The math is simple – introducing kids to wild animals helps create the environmental leaders of tomorrow and enriches their lives today.

81 programs → reaching 5,350 children and adults

Conflict Resolution

©Robin Purcell Photography

What do people do when they have squirrels in the attic or raccoons nesting under the porch? They call us.

Our staff has a host of humane solutions to wildlife-human conflicts, and we're happy to share. We responded to approximately 1,250 conflict resolution phone calls. We also conduct conflict resolution through our hospital work, our education program, and our volunteer program.

When we give people techniques for deterring and redirecting wildlife, everybody wins. Wild lives are saved and public safety is improved when people avoid potentially stressful or dangerous interactions with wildlife. The next time you have an issue with a wild animal, give us a call!

Volunteer Program

74
volunteers

11,850
hours of
animal care

More than 70 people served as volunteers in our wildlife hospital, a role that's so critical we call these people Wildlife Stewards.

Not only do stewards learn to feed and care for injured wild animals, they also learn tips and tricks they can share with their neighbors to help keep wildlife conflicts to a minimum. Our stewards are passionate about wildlife, and we're passionate in our appreciation of them. Without the stewards, there would be no wildlife hospital.

In the last year, the stewards volunteered more than 11,800 hours of their time to the patients in the wildlife hospital and community outreach.

Financial Report

Sources of Support

Direct Public Donations	157,158
Local government/Foundation	13,500
Special fundraising events	185,656
Education programs	2,577
Volunteer Labor*	267,397
Total Support	626,288

Use of Funds & Support

Wildlife hospital & wildlife programs	641,087
Administration	27,680
Fundraising	60,000
Total Support	728,767

*Volunteer Labor - Wildlife Stewards, people who volunteer their time in the wildlife hospital, donated over 11,800 hours of their time during the last fiscal year. The total value of this labor was determined by multiplying the number of hours by \$22.55, the 2013 average value of volunteer time in Washington State according to Independent Sector.

Donation Form - Help us Save Lives

Yes, I want to help save lives! I'm making a donation in the amount of \$ _____.
